

NGB Program Support Services

Base Civil Engineers (BCEs) within the National Guard Bureau (NGB) are continually being asked to do more with less. Funding cutbacks, deployments, and increasing environmental responsibilities all require increased time and manpower. NGB BCEs can access BB&E for a variety of support functions, utilizing BB&E's Program Support Services Blanket Purchase Agreement (BPA). BB&E staff possess over 100 years of experience working at NGB installations nationwide. BB&E has performed work at ANG installations in 34 states and Puerto Rico. Examples of type of support services offered by BB&E to the NGB include, but are not limited to:

- Sustainment, Restoration and Modernization (SRM) Facility Support;
- SRM Scoping Documents and Cost Estimates;
- DD Form 1391 Preparation;
- Warehouse Storage Optimization and SRM;
- DRMS Facility Support;
- Energy Management;
- Energy Audits;
- Energy Demand Control and Optimization; and
- Information Technology Solutions and Geographic Information Systems (GIS) and Services

Additionally, under BB&E's Program Support Services BPA, BB&E is qualified to perform a range of environmental projects, including, but not limited to, the following:

- Hazardous Waste Management Plan, Spill Prevention, Control, and Countermeasure Plan (SPCCP), and Remediation Action Plan Preparation;
- Air Permitting Services and Emissions Reporting;
- Environmental Assessments and Site Investigations;
- Environmental Management Assistance;
- Surveillance and Oversight Activities;
- Aboveground Storage Tank Permitting;
- Remedial Process Optimization;
- Administrative Record Indexing;
- Strategic Planning and Management Assessments;
- Development of Detailed SOWs/SOOs and Cost Estimates;
- Project Management Support;
- Budget Reconciliation and Funds Management;
- Poly-chlorinated Biphenyl (PCB) Inventories;
